M A T E R I A L S A F E T Y D A T A S H E E T

PRODUCT NAME: Premiere LC 40LB BOX CPJ040PB PJ3

DATE PREPARED: March 6, 1995

Hazardous ingredients

Contains no materials listed as hazardous as a help to health care and safety personnel, this product contains sodium carbonate and sodium silicate.

Physical/chemical characteristics

Solubility in water: about 15%
Appearance and odor: blue crystalline solid, lemon odor

Fire and explosion hazard data

Flammability: not flammable in normal circumstances.
Extinguishing media: regular foam or carbon dioxide or dry chemical.
Hazardous decomposition products: may form toxic materials: carbon dioxide and carbon monoxide, various hydrocarbons, etc.
Unusual fire & explosion hazards: as with any organic containing product never use welding or cutting torch on or near drum (even empty) because product (even just residue) can ignite explosively.

NFPA codes: health-2 flammability-0 reactivity-0 other-none

Reactivity data

Hazardous polymerization: cannot occur
Stability: stable
Incompatibility: avoid contact with strong oxidizing agents.

Health hazard data:

Inhalation: may have irritating dust.
Skin contact: may irritate the skin, especially sensitive skin or with prolonged contact.
Eye contact: contact can cause irritation to the eyes.
Ingestion: can cause irritation of mucous membranes

Emergency and first aid procedures:

Eyes: immediately flush with plenty of water for at least 15 minutes holding eyelids apart to ensure flushing of entire eye surface. Seek medical attention.
